SUMMARY

Skilled **Front-End Developer** with hands-on experience building **responsive, user-friendly web applications** using **React.js**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, and **Tailwind CSS**. Experienced in **WordPress development** including theme customization, plugin integration, and **WooCommerce** eCommerce solutions. Familiar with **Git**, **REST APIs**, and basic **DevOps** concepts such as **CI/CD** pipelines and deployment via **Netlify** and **Vercel**.

EXPERIENCE

Front-End Developer– Freelance

2026 – Present

- Built and customized **WordPress websites** with theme customization, plugin integration, and website optimization, improving overall site performance and user experience.
- Developed full **eCommerce websites** using **WooCommerce**, managing product listings, payment integration, and end-to-end user flows.
- Translated client requirements into high-quality, **user-friendly UI/UX designs**, improving engagement and usability across devices.
- Managed **version control** and team collaboration using **Git** and **GitHub**, ensuring clean and maintainable codebases.
- Ensured **cross-browser compatibility** and **mobile-first responsive design** across all devices and screen sizes.

Junior Engineer – VVDN Technologies Pvt. Ltd., Gurugram-Haryana

Dec 2021 – Feb 2023

- Performed **testing and validation** of electronic devices and terminals to ensure proper functionality and compliance with quality standards.
- Conducted quality checks and inspections to meet **industry and company standards**, maintaining high product reliability.
- Monitored and analyzed **test results**, identifying defects and reporting issues to senior engineers for resolution.
- Managed and maintained **test data, logs, and reports** for accurate documentation and audit trails.
- Assisted in troubleshooting **hardware-related issues** and supported debugging processes to minimize downtime.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Redux, Next.js, Tailwind CSS, Bootstrap, SASS, ShadCN UI, Chakra UI, Responsive Web Design, REST API Integration

Backend Development: Node.js, Express.js, MySQL

WordPress Development: Theme Customization, Plugin Integration, Elementor, WooCommerce, Responsive Website Development

Tools & Build Systems: Git, GitHub, Vite, Webpack, Babel, NPM, PostCSS, Autoprefixer

PROJECTS

E-Commerce Website ([link](#)) | **React JS, Vite, JavaScript, Tailwind CSS, PostCSS, Autoprefixer, ESLint**

- Built a **responsive modern e-commerce interface** with product listings, category sections, and clean navigation optimized for all screen sizes.
- Engineered an **engaging user experience** powered by scroll animations, reusable component structure, and **fast-loading performance** using Vite.

Intern Reward ([link](#)) | **HTML5, CSS3, JavaScript, React JS**

- Developed “**Intern-Reward**”, a responsive web application using **React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS** with a clean and user-friendly interface.
- Implemented reusable React components, responsive layouts, REST API integration, and utilized **Git & GitHub, npm, and modern frontend workflows** for efficient development and deployment.

Weather App Website ([link](#)) | **JavaScript, OpenWeatherMap API, Fetch API, jQuery, CSS, HTML5**

- Built a **city-based weather search app** with default city auto-load, input validation, and graceful **API error handling** using the OpenWeatherMap API.
- Displayed **real-time weather details** including rounded Celsius temperature, weather condition, wind speed, and current date/time.

TRAINING & CERTIFICATIONS

Front-End Libraries Certification – FreeCodeCamp (2025)

Responsive Web Design – FreeCodeCamp (2024)

React + JavaScript – 30DaysCoding (2025)

EDUCATION

Bachelor of Technology in Computer Science

Veer Kunwar Institute of Technology, Bijnor

2022 – 2025

Bijnor, India

Diploma in Computer Science

C.M.S Govt Girls Polytechnic College, Daurala

2018 – 2021

Meerut, India
